

Keyblank Options

Product Overview (Single-Bitt)

All ROSS single-bitt keyblanks -

Will suit -

- All ROSS 6-Lever Safe Lock models; namely – 100, 102, 206, 212, 406, 600 and 900 Series locks.
- All ROSS 8-Lever Safe Lock models; namely – 408 and 608 Series locks.

The keylength (BBB) –

- Is determined by the measurement of the distance **B**etween-the-**B**itt-and-**B**ow of the key.
- A KB/R30 keyblank is a single-bitt keyblank that measures 30mm between-the-bitt-bow of the key.

Options include –

- For 6-Lever keyblanks, R30, R40, R50, R75, R85, R100, R130, R150 and R180 are available.
- For 8-Lever keyblanks, A50, A85, A100, A130, A150 and A180 are available.

All these keys are steel based keys.

KB/R40 - 40mm BBB (6-Lever) Keyblank

Product Overview (Double-Bitt)

All ROSS double-bitt keyblanks -

Will suit –

- All 700-Series safe lock models.

The Keylength (BBB) –

- Is again determined by the measurement of the distance **B**etween-the-**B**itt-and-**B**ow of the key.
- A KB/RDB65 keyblank is a double-bitt keyblank that measures 65mm between-the-bitt-bow of the key.

Options include –

- For (standard) 700-Series 9-Lever safe locks, RDB35, RDB65, RDB130 keyblanks are available with a 3/16" shaft.
- For (extended) length 700-Series 9-Lever safe locks, RDB85, RDB110, RDB150 and RDB180 keyblanks are available with a 1/4" shaft.

All these keys are brass based keys.

KB/RDB65 - 65mm BBB (3/16" Shaft) Keyblank

KB/RDB150 - 150m BBB (1/4" Shaft) Keyblank
